.....

January 25th 2015

Dear Bentley Academy Charter School Parent or Guardian:

We are pleased to enclose an overview of our school's "report card". This report card will also be on our website: www.bentleyacademy.org. Report cards answer important questions about a school's overall performance and contain specific information about student enrollment and teacher qualifications, student achievement, accountability, how a school is performing relative to other schools in the district and the state, and the progress made toward narrowing proficiency gaps for different groups of students.

In this report you will find the following important information about our school:

Student enrollment and teacher quality: This section of the report card provides information about the students and teachers in our school as compared to the district and the state. If your child attends a school that receives Title I funds, you also have the right to request the following information about the qualifications of your child's classroom teachers:

- Whether your child's teacher is licensed in the grade levels and subject areas they teach
- Whether your child's teacher is teaching under an emergency license or waiver
- The college degree and major of your child's teacher
- Whether your child is provided services by paraprofessionals and, if so, their qualifications

Student assessment on MCAS and other tests: This section of the report shows how our students are performing on the Massachusetts Comprehensive Assessment System (MCAS) tests as compared to the district and the state.

School and district accountability information: This section of the report contains three important pieces of information:

- **Accountability and Assistance Levels:** Schools and districts are placed into one of five accountability and assistance levels (1-5), with the highest performing in Level 1 and lowest performing in Level 5. Our school has been placed into Level 4 because the school has not yet met its cumulative academic targets for all subgroups.
- **School Percentiles:** A school percentile between 1 and 99 is reported for most schools. This number shows the overall performance of our school relative to other schools that serve the same or similar grades. Our school percentile is 13. This means that our school is performing higher than 12 percent of the elementary schools in the state.

-
- Progress and Performance Index (PPI): The PPI is a number that indicates our school's progress toward narrowing proficiency gaps, or, in other words, helping *all* students reach proficiency and be prepared for success after high school. Massachusetts has set a goal of reducing proficiency gaps by half between the years 2011 and 2017. For a group of students to be considered to be making sufficient progress toward narrowing proficiency gaps, its cumulative PPI must be 75 or higher.

To improve student achievement in our school, we have taken bold steps which included converting the Bentley to the Bentley Academy Charter School, an in-district charter school. Our charter, which is available on our website at www.bentleyacademy.org, outlines more fully our strategies to not only make Bentley a Level 1 school, but to make the school a model for the state. Some of our strategies that we are already implementing and are laid out in our charter include:

- A longer school day and year
- Voluntary, additional tutoring on Saturdays and school vacations
- Math tutoring for all 4th grade students
- A strong college going culture and environment
- Strong core values that are taught and reinforced with students
- Regular communication with families in a variety of ways, including home visits
- A rigorous and comprehensive curriculum based on high expectations
- Strong partnerships aimed at developing teachers as professionals

We encourage you to become involved in helping us to improve our school. Some of the ways you can become involved are:

- Encouraging your child's learning at home
- Attending parent-teacher meetings and other special meetings
- Serving as a volunteer in our school or district
- Encouraging other parents to become involved

For more information about our school's report card or to request information about the qualifications of your child's classroom teachers, please feel free to contact Head of School, Justin Vernon at justinvernon@bentleyacademy.org or via phone at 978-740-1260.

Sincerely,

Justin A. Vernon, Head of School
